Autumn 2 Week 7 2022

Dear Holtsmere families,

I hope that you have all had a good week despite the snow and the cold weather. After the disrupted start to the week school has been extremely busy with lots of rehearsals and performances. It has been lovely to welcome so many of you into school to watch the children perform, particularly as we haven't been able to for a few years..

I am in awe of all of the children, learning and remembering their lines, songs and then performing in front of over a hundred people each time. For some adults, standing up in front of that many people and singing would be quite daunting but for children aged 3-7 it is an amazing achievement. I am so proud of all of them.

As for our team who work so hard 'behind the scenes' to put on these performances, they are simply amazing and I cannot thank them enough for their care, dedication and perseverance!

They also clubbed together to buy each child the gift of a book for Christmas. I hope that they enjoy it over the festive period.

A selection of donated books will be available on the playground today for your child to take home and keep. A good way of occupying them over the festive break!

Pantomime

On Wednesday morning the children enjoyed a traditional pantomime performance of Dick Whittington. They were a very enthusiastic and loud audience! The children thoroughly enjoyed their Christmas lunch afterwards.

Mrs Bull - We said farewell to Mrs Bull one of our 1:1 Learning Support Assistants as she returns to her career in the NHS. She has been a valued member of our team and I'm sure that if she has worked with your child you will join me in wishing her well.

Ice - I have attached some guidance about playing near ice following the tragic events in the West Midlands last weekend. Please read if you are planning any outdoor walks near rivers, lakes and canals.

Reminder - Just to remind you that school finishes at 1.30 next Wednesday (12 noon for all Nursery children) please arrive promptly to pick up your child. It can be quite distressing for them if they are the only child left in school. Also our team will want to go home and be with their own families.

Have a lovely weekend; rain is forecast and it with hopefully clear the snow away!

Following the tragic events in the Midlands last weekend please find advice issued by

Community Fire Safety Team at Hertfordshire Fire & Rescue

Stay safe in winter – the dangers of frozen waters

Over the last few days Hertfordshire Fire & Rescue have attended water and ice incidents where people have been at risk of falling through frozen lakes and rivers due to rescuing a pet or not seeing the dangers of such activities.

Children and pets are particularly at risk when tempted to play on the ice formed on open water, and adults can find themselves at risk in attempting to save them.

Taking a nice walk in cold weather with your family, friends or dogs in tow can be really refreshing, just make sure you know some simple tips on how to stay safe in winter.

Areas with frozen lakes, ponds, canals and reservoirs can be beautiful places to visit during the winter months but all too often many people risk their lives by venturing onto frozen water.

Here are some useful tips to help you know what to do in an emergency.

Teach children not to go onto the ice under any circumstances.

Don't go on the ice to rescue a dog, move to somewhere that the dog will be able to climb out and call them towards you.

Keep dogs on their leads when near ice and don't throw sticks or toys onto the ice.

Time your walks to make the most of the daylight; if you need to walk in the evening only use well-lit areas or take a route not alongside water.
